THE INTERNATIONAL SCHOOL
FOR CLASSICAL HOMEOPATHY
HECHTEL

IN COOPERATION WITH

V.S.U.

AND THE ALLEN COLLEGE OF HOMEOPATHY

PRESENTS THE

BANERJEA SESSIONS

A TWO YEARS POSTGRADUATE
COURSE (2013-2015)

Starting
April 13th-14th 2013

DR. SUBRATA BANERJEA

Dr. Subrata Kumar Banerjea was born in Calcutta, India in 1957, the fourth generation of a distinguished and widely respected homoeopathic family. He graduated in Homoeopathy from the University of Calcutta with a record number of honours passes in nine medical subjects and with five gold medals to his name, setting himself on a path to become an internationally acclaimed homoeopathic clinician, lecturer and author. He is now acknowledged to be the world's leading authority on miasmatic prescribing.

Dr. Banerjea is an Honoured Fellow of several academies; Director and Principal Lecturer of the Bengal Allen Medical Institute, Calcutta; Principal and Chief Lecturer of Materia Medica and Clinical Therapeutics at the Allen College of Homoeopathy, Essex, England. When he is not lecturing, he divides his time between his clinical practices in England and in India where he also acts as Clinical Consultant in various rural and slum clinics. Despite this hectic international scheduling, Dr. Banerjea together with his brother Joy and wife Janet, plays an active role in the Kamala Banerjee Fund, a charity which distributes milk to the poor children of Calcutta.

Students of Dr. Banerjea will testify to the remarkable knowledge and enthusiasm which he generously imparts to all who share his passion for this most rational of healing arts. His dedication to the truth of homoeopathy is regarded as inspiring and unsurpassed.

Read more about dr. Banerjea on his website:
