## INTERNATIONAL SCHOOL FOR CLASSICAL HOMEOPATHY HECHTEL

## FALL SEMINAR

WITH

**DR. LUC  
DE SCHEPPER**

**Friday, October 5th  
until  
Sunday, October 7th  
2012**

## DR. LUC DE SCHEPPER

Dr. De Schepper was born in Belgium and graduated from medical school in 1971. Soon after he started to work as a doctor, he noticed the necessity of a holistic approach. While completing a PhD degree in acupuncture, he learned about homeopathy. He studied at the British Institute of Homeopathy and acquired a great amount of knowledge by studying cases of the homeopathic founders in journals.

Luc De Schepper started integrating homeopathy in his holistic practice after moving to the US in 1981. As of 1991, he only uses a homeopathic approach. He founded the "Renaissance Institute of Classical Homeopathy", which is a highly regarded American homeopathic institute. He is an experienced and inspired lecturer and has delivered lectures at conferences and seminars all over the world. He is the author of several books, among them "Hahnemann Revisited".

Like his late contemporary, Dr. Geukens, Dr. De Schepper is very curious and passionate about "back to basics" homeopathy. Central to this approach are the guidelines of Dr. Hahnemann. Dr. De Schepper has been a pioneer in the rediscovery of Hahnemann's switch in the dosage from the 4th edition organon to the latest editions or "the advanced methods."

**Given the succes of his past Fall seminar, Luc will be coming back to Hechtel for other seminars in the next years. For impressions of the past seminar you**

**can take a look at a video on:**

<http://youtu.be/Xig0427qBPQ>

## PROGRAM

### **October 5th**

9.00-10.30: Live case

10.30-11.00: Break
